Inspirational R&B · Memphis, Tennessee

Born of the Bluff City.

"An unapologetic millennial with a creative spirit and a passion for expression — carrying the heart and soul of Memphis into every artistic vision."

Born and raised in Memphis to Carl and Geneva McKinnie, Christopher has become a rising voice in the city's growing art and fashion culture. From the early influence of family, faith, and the streets that shaped him, his work channels a distinctly Memphis point of view — grit, grace, and gospel.

His independent fashion label, **mckinzzz collection**, translates that same voice into wearable design — bold, personal, and unmistakably his. Every drop is an extension of the story he tells on record.

Grounded in a deep foundation of church and family, Christopher moves through music the way he moves through design: with intention, honesty, and a reverence for where he comes from. His inspirational R&B sits somewhere between Sunday morning and Saturday night — a modern soul sound rooted in Southern tradition.

Today he stands as a creative force determined to represent the city that raised him — building a legacy driven by passion, faith, and originality.

Small rooms. Big sound.

Four Friday nights across Memphis. Acoustic-forward band. Live rhythm section.
Songs pulled from both the pulpit and the pavement.
